

Gift Receipt

A gift receipt shows proof of purchase but leaves out the amount spent. To print a gift receipt follow the below steps:

1. Add a new invoice layout with the name "Gift Receipt"
2. In invoice layout select the **Invoice Design** as Slim and Check the **Hide all prices** checkbox
3. In Business Settings -> POS, check the **Show invoice layout dropdown** and save it.
4. Now in the POS screen whenever you want to issue a gift receipt, simply select the invoice layout as Gift Receipt and print the invoice.
