Here, you can view the profit and loss data from sales with search and date filters. You can also export the list as CSV, Excel, and print it. Additionally, the total loss and profit are displayed in the top cart.

The screenshot displays the 'Loss Profit List' interface. At the top left, the 'DNA' logo is visible, along with a 'View Website' button. The top right corner shows language settings (English), a notification bell, and a user profile icon. The main content area features three summary cards: 'Loss RM0' (blue), 'Profit RM3,250' (green), and 'Total Sale 1' (orange). Below these cards is a search bar with a 'Show-10' dropdown and a 'Today' filter. The table below has the following data:
